Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nervine nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Dr. Pierce may be consulted by letter free of charge. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

MESSENGER BOYS STRIKE.

About 8 o'clock yesterday morning a number of the older boys employed as messengers of the Western Union Telegraph Company in Washington struck and left their work, demanding that they have an 8-hour day, three cents a message and every other Sunday off, and not be commanded to handle or deliver messages received by "scab" operators.

The strike was not unanimous by any means, but when the older messengers went out they started to force the other boys who wished to work to join them. By noon they had compelled about 50 messengers employed by the Western Union to join the strike. They started in to worry and browbeat the little boys by cutting the tires of their bicycles, rolling the youngsters in the mud and otherwise making life for them unpleasant. After having caused nearly every boy in the employ of the Western Union to stop work, the strikers visited the Postal Telegraph building and forced the boys there to join the strike. The strikers on wheels would follow a working messenger until they captured him, and after intimidation made him join the strike. The police tried to stop any outward attack upon the messenger boys, but so long as the bluecoats were in the vicinity the messenger boys were as good as angels, but once out of the sight of the policemen they followed the messenger who was delivering a dispatch and usually succeeded in capturing him. One of the working messengers during the morning carried a dispatch to the Treasury Building, but instantly the strikers surrounded everyone of the entrances, and the little boy inside was held a prisoner until he consented to join the strike. As the day wore on, however, the boys who wished to work grew bolder, and by the afternoon a majority of the Postal boys returned to their work, and a number of the smaller messengers of the Western Union took up their work again.

KILLED BY A POSSE.

Early yesterday morning the people of Williamsport, Md., were intensely excited over a tragedy following a bold attempt to rob the clothing store of Harry Bloomberg, on the main street. Between 2 and 3 o'clock Emory E. Kreps, alias "Hogan," was shot and killed by one of a posse of citizens, and his body was found soon afterward in an alley near the Wabash hotel, a block from the scene of the attempted robbery.

It is not known who shot Kreps, but an investigation is being made by the officers, urged by the brothers of the dead man, who claim that he was slain without just cause.

Notwithstanding the early hour at which the tragedy occurred, nearly the whole town was aroused.

About two o'clock a man was seen trying to break into Bloomberg's store under the glare of an arc light. He broke a large glass in the window and the crash aroused a number of residents. Somebody fired a shot to warn the people, and the man ran up the street, but he soon returned, boldly entered the store and turned off the electric lights. By this time a dozen citizens, including Mr. Bloomberg, the proprietor, some of them being armed, were attracted to the scene, and they surrounded the store. The man was ordered to come out, and he surprised the crowd by jumping through the window and making a dash down the main street. He was ordered to halt, but continued his flight, with the posse in pursuit, firing in his direction, but not with the intention, it is supposed, of shooting him.

The man who proved to be Kreps, turned the next corner and was heard to utter several groans. Crossing the street he entered the alley, fell and expired in a few minutes. None of the pursuers knew that he had been shot until nearly a half hour afterward, when his body was found by his brother, Lewis Kreps, and several other men who had been attracted to the scene.

SUSPECTED OF MURDER.

W. H. Adsetts, formerly a sergeant in the United States Marines forming the guard of the American Legation at Peking, was arrested in Chefoo, China, yesterday on suspicion of robbing and killing a woman whose body was discovered in a box on board the British steamship Monteagle at Hongkong. Adsetts was arrested by the British sheriff, after a violent resistance. Several thousand dollars and a quantity of jewelry were found in his clothes. While the landing of a guard of marines from the fleet was being awaited Adsetts broke out of jail and is now at large. Marines are guarding the valuables that were found upon him and the American consulate force and all the police are scouring the city for him.

Rising from the Gr ve.

A prominent manufacturer, Wm. A. Fertwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at E. S. Leadbeater & Sons, druggists. Price only 50c.

At the Waist

Pains at the waist, back, front, or side, are nearly sure proof of female trouble. Some other signs are headache, pressing down pains, irregular functions, restlessness, cold limbs, nervousness, etc. These pains may be allayed, the system braced and the womanly functions regulated by the use of

Wine of Cardui

Mrs. Annie Hamilton, of Stetsonville, Wis., writes: "Cardui saved me from the grave after three (3) doctors had failed to help me. It is a good medicine and I recommend it to all suffering women." For sale at all druggists, in $1 bottles.

LOSS OF A STEAMER.

A dispatch from Guayaquil, Ecuador, says a schooner which reached Payta Monday from the Labos Islands, south of Cape Aguja, Peru, had on board two passengers of the British steamer Colombia, of Liverpool, belonging to the Pacific Steam Navigation Company and bound from Guayaquil to southern ports recently totally wrecked off Seanz Point, Labos de Tierra Island. They say that when the steamer ran on the rocks the shock caused the boilers to explode. Of the ninety-seven persons on board only three, it appears, lost their lives. The surviving passengers, with the exception of the two who have reached Payta, remained on Labos Island. The mails and all the cargo of the Colombia, consisting of over 1 000 tons, were lost.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, AUG. 14, 1907.

MRS. STUYVESANT FISH, the well-known society leader, in a recent interview, took direct issue with the expression of Charles M. Schwab, who not long ago gave it as his opinion that the true field for women's exertions was in the domestic rather than the business world. Mrs. Fish thinks that women should be free to enter any occupation, and believes that they are equal in mentality to men, the difference being merely one of quality. She said she would rather be a great actress, writer or artist than to have all the wealth she could command. She decried the practice of women marrying inferior men for fear of being old maids, and urged that women should have faith in their own powers and develop the best within them.

OWING TO its inability to secure sufficient ships of American registry to handle the heavy freight and passenger traffic to the Isthmus of Panama, the United States government has been obliged to lease the British steamer Dunottar Castle for service in connection with the Panama Railway and Steamship Company, although the navigation laws forbid the use of foreign bottoms in coastwise trade in the case of individuals or corporations. The heavy freight traffic incident to the transportation of food supplies for the canal employes is said to have necessitated this action on the part of the government. Still the shipbuilders say it does not pay to build ships unless they receive subsidies.

ALTHOUGH no authoritative announcement has been received at the Treasury Department, it is the impression among high officials that Secretary Cortelyou contemplates coming to the relief of the money market just as soon as the larger eastern cities feel a pressure from the crop moving centers of the west. Complaints of a growing stringency in the money market are not treated seriously by Treasury Department officials. They say there is no sign of distress in the final sky outside stock manipulation in Wall street, New York. Secretary Cortelyou could direct the deposit of $27,000,000 in public depositories, and leave a treasury working balance of $50,000,000. Then there are still outstanding four per cent. bonds, to the aggregate value of $10,000,000 which were due and payable July 1. They draw no interest beyond that date. This is an indication that money is not tight among the holders of these bonds.

SPAIN does not quite understand why the United States "freed" Cuba but holds on to the Philippines against the loud protests of the people of those islands for liberty, but Spain is willing to forgive and wishes friendly relations to exist between the two countries. The State Department is informed by the American legation at Madrid that the Spanish government has ordered the removal of the excess tax on importations of American flour. Hereafter the rate will be the minimum tariff dues paid by flour from countries receiving the most favored treatment, and it is expected that the result will be a large increase in the export flour trade with Spain.

LONDON caterers state that one of the features of the season now closing has been the objection to long and elaborate meals among the swell set. This tendency has been particularly observable in the most fashionable restaurants, where it has often taken a vegetarian form, peas and other summer vegetables being frequently ordered as separate dishes and consumed liberally, while the meat was sent away untouched. The hotel managers, however, say that these fads, like others, run in cycles, and they believe that fashionable people will soon tire of frugality and return to a more substantial mode of living.

PROFESSOR JEREMIAH W. JENKS, of Cornell, a member of the United States Immigration Commission, is on a tour of the Canadian Northwest, investigating the matter of American immigration into Canada. He is also looking into the movement of Asiatics to British Columbia. It is said to be his purpose to devise some scheme to turn the American current back to the States. He is expected to make a confidential report to the President on the results of his trip.

RETIRING Director of the Mint George E. Roberts, who has for a number of years been conducting an inquiry for the purpose of verifying the treasury estimates of the stock of gold in the United States, gives it as his conclusion that the amount of gold coin and bullion now in the United States Treasury and the banks and in circulation amounts to $1,464,846,280.

The Southern Planter for August has been received from its publishers in Richmond. Among its table of contents are well written articles on alfalfa experiments, a warning against alfalfa for Piedmont Virginia; the use of lime, Jersey cattle, profitable poultry keeping, etc.

From Washington.

[Correspondence of the Alexandria Gazette.]

The decision of the Attorney General to require E. H. Harriman, to show cause why he should not be required to answer questions put by the Interstate Commerce Commission in its investigation of his railway interests last November, is but a link in the chain which is being forged about the railway magnate. If he answers the questions propounded, they may 'establish the fact of his control of the Illinois Central. A refusal to comply with the courts order will lay some liable to a heavy fine and imprisonment for contempt. It is understood from Harriman's lobby here that he will resist to the utmost the governments efforts. There is a law covering just such a case, granting a witness absolutely immunity from prosecution in answering questions that might incriminate him. It is said Harriman defense will be that even under such immunity, any American can not constitutionally be required to answer question that might hold in. Pending the present action the Department of Justice is carefully going over the report of the Interstate Commerce Commission on the Harriman investigation so that prompt action may be taken in execution of its policy as a ruling is secured in the suit just brought in New York City.

The war and navy department are collaborating in the development of a scheme of general wireless communication for the government. In time of war, should there be a big strike of commercial telegraphers, the government would be seriously handicapped. The present strike has served to emphasize the importance of affording facilities independent of the present system of telegraphic communication. Therefore, the bureau of equipment of the navy department and the signal office of the war department have taken up the wireless problem. Army officers say that the day of practical use of the wireless on land as well as on sea has arrived. The navy is already so well equipped in this respect that almost the entire Atlantic fleet could be directed in its movements from the navy department by wireless. It has now been suggested that the various army posts throughout the country be provided with wireless apparatus. In that event communication could be had from Washington to the Pacific fleet without the regular telegraph line.

In 1904 the Census Bureau started out to ascertain whether the country is getting better and it now announces that, better or worse, the ratio of persons in prisons to the entire population has decreased since 1890. Out of every million Americans, there are now 1,006 in prison, not including trust magnates, while in 1890, there were 1,067. The census experts point out that this decrease may mean only an extension of the probation and parole system and the adoption of various other forms of leniency. They are inclined to believe that this lieniency is responsible for the continued decrease in the number of female prisoners. In 1880, eight per cent. of the prisoners were women; in 1890, seven per cent., and in 1904, five per cent. Colored persons were more common among the prisoners in 1904 than they were in 1890. The increase was particularly noticeable in the north central States, where 14 per cent. were colored persons in 1890, and 20 per ct. in 1904.

The arrival of several strike-breakers employed by the Western Union annoyed the striking telegraphers today. While the out-of-town talent numbered only seven or eight, it was sufficient to relieve in a considerable degree the pressure brought upon the thirty who refused to leave their keys when the union men went out. The imported telegraphers came from Philadelphia. Manager Taff of the Western Union, said today: "We have enough men to perform all the business we are getting." A few operators have been secured at the Postal, but the strikers claim that this office is doing practically no business.

Secretary of War Taft this afternoon authorized a positive denial of the rumors that any of the members of the cabinet had resigned, or had signified their intention of doing so. He denied also, that Wall street matters were discussed at the meeting with the President yesterday in Oyster Bay.

John A. Norman, fifty years old, formerly a resident of Richmond, Va., and now living at 313 O street s utheast, has disappeared from home. His wife thinks he is demented.

Viscount Aoki, the Japanese Ambassador, and Baron Rosen, the Russian Ambassador, called at the State Department today and filed for the information of the Departmedt copies of the treaty just concluded between Russia and Japan recognizing the integrity of China and the principle of the "open door" for all nations.

B. F. Peters, of Harrisburg, Pa., chief clerk of the Navy Department died this afternoon of tuberculosis.

THE JAQUELIN-CARY FAMILY.

The decendants of the Jaquelin-Cary families held their reunion at the Jamestown Exposition yesterday, and the gathering was largely attended by representatives of the families from all parts of the United States.

The opening hours of the programme were devoted to forming squaintances. Dr. Daniel H. Morgan, surgeon, U. S N., a great grandson of John Smith, and representing the Jaquelin-Smith family, was chairman of the exercises. Dr. Morgan opened the reunion by delivering a short historical review of Jamestown and the 105 settlers who made the settlement.

Dr. Edward H. Cary, of Dallas, Tex. a descendant of Mills Cary and Ann Taylor, followed Dr. Morgan, and in a few remarks presented to Miss Louise Poquet Du Bellet, a descendant of the Ambler-Cary branch of the families, a beautiful gold cross and charm, in token of the appreciation of her untiring efforts in making this reunion a success.

Prof. John Nicholas Ambler, of Winston, N. C., great grandson of Col. John Ambler, of Jamestown, spoke on the achievements of the little band at Jamestown Island 300 years ago, and how "their ashes have been washed on the shores of fame over all the world."

At the close of Prof. Ambler's remarks Mrs. Mildred Lewis Rutherford, of Athens, Ga., a representative of the Jaquelin-Smith-Rootes family, spoke on the kinship of the different branches of the family. Mrs. Rutherford also made a plea for greater work in the instruction of children in the early history of Virginia and the south.

There was a short business meeting of the families, during which by-laws were adoped for a permanent organization, to be known as the Jaquelin-Cary Family. The organization was started with about 300 members.

News of the Day.

The second trial of Harry K. Thaw may not come up until January.

Fire at Princess Anne, Md., yesterday destroyed four stores and damaged the People's Bank. Loss $16,000.

M. Dorigny, President of the Compagnie Trans-Atlantic, the French steamship company, died in Paris today.

President Roosevelt has been called upon by the Chicago Board of Trade to use his efforts to settle the telegraphers' strike.

Conferences are in progress between representatives of the employes and employers in Belfast, Ireland, and it is believed the strike will be settled soon.

The Philadelphia and Reading Coal and Iron Company is said to be preparing to run its collieries only three days a week on account of an overabundant supply of coal on hand.

Miss Dorothy Haywood, while absorbed in a rescue from the surf at Atlantic City, walked off and left a bag containing $3,000 in jewels on the beach. The jewels have not been recovered.

An application has been made to the federal court at Atlanta, Ga., for the release from the penitentiary at Macon of John H. Gaynor, who was convicted of defrauding the government in connection with work on the harbor of Savannah. Gaynor is reported to be dying from consumption.

Mrs. Everett Gates, wife of a farmer living near Blotcher, as mall town eighteen miles north of New Albany, Ind., and her three children, two, four and six years old, respectively, were instantly killed at the Baltimore and Ohio Railroad crossing, near the Scott and Jefferson county line, Monday night. Baltimore and Ohio train No. 19 struck their carriage, completely demolishing it and killing the four occupants, who were riding in the rear seat. Mr. Gates, who was in the front seat, was badly shaken up, but suffered no serious injuries.

A family feud between the Nolte and Altman families, which has been in progress for sometime, resulted in murder at Wheeling, W. Va., yesterday. The two families live in neighboring houses and yesterday the Nolte and Altman children fought over a spring near their homes, and the women then took up the fight and were battering one another in the road when John S. Nolte felled Mrs. Albert Altman with a club. The woman's husband then fired at Nolte, killing him almost instantly. A son of the dead man now threatens to kill Altman, who is in the jail at Wheeling, and more trouble is feared.

Raymond, aged 12 years, son of Herman Whiteman, a farmer just outside of Meadville, Pa., hanged himself Monday evening because his mother scolded him. While Raymond, his little sister, two younger brothers and his mother were returning from the hayfield the children got to throwing dust at each other and were scolded, and told to behave themselves and go home. Raymond west into the barn, climbed up on the hay beam, wrapped a hayfork trip rope three times around his neck and jumped off. His mother found him an hour later hanging so high she could just reach his knees. His neck was broken by the fall.

MURDERER CONFESSES.

Vere Sleger Goold confessed in Marseilles, France, that he was the murderer of Emma Levin, a wealthy Swedish woman, whose dismembered body was found in the trunks of Mr. Goold and his wife upon their arrival at Marseilles August 6 from Monte Cario.

Goold cooly related all the details of the horrible crime. He alone had slain the woman, he declared, and it was he who cut up her body, although his wife had helped him pack it away in their baggage. After this had been done they both agreed to journey to Marseilles, where they planned to cast the tody into the sea.

Mrs. Goold, whose first name is Violet, also confessed her part in the crime. She said her husband had promised to give Emma Levin $100 for a certain reason, but she demanded $100 more, which she wanted to give to a man friend. To this Mr. Goold objected, and said he would not pay the extra hundred dollars. Thereupon Emma Levin abused him.

Referring to what happened next, Goold says in his confession:

"I had been drinking, and, becoming angry, I seized a hunting knife and buried it in Emma's back. She fell dead. The next day I dismembered the body with a saw and a knife, and placed the torso in a trunk and the head and legs in a valise."

Goold said they carried off Emma Levin's jewels not for their value, but in order to prevent their discovery in his apartment.

Referring to his family Goold said his grandfather was a baronet and his father an Irish magistrate.

THE STRIKE IN VIRGINIA.

The union telegraph operators went on strike in Richmond yesterday, those of the Western Union Company going out at noon. The men got up, closing their keys and walked out of the office. The managerial force was at once transferred to the operating rooms, where some few operators remained.

Among those who failed to go out were three women, who are working the keys. Every man and boy who can manipulate a key has been pressed into service. The fact that men are out in so many places has served to reduce the volume of business, as when it is offered and received it is subject to delay. In the Postal office the conditions are almost as bad.

Reports from Roanoke say that the union men are out in that city.

Three of the thirteen operators of the Western Union in Lynchburg walked out at noon yesterday. The Postal will not be affected by the strike.

The operators of both the Western Union and Postal went out in Norfolk at midnight.

THE RIFLEMEN OF VIRGINIA.

Twenty-five members of the state militia left Richmond today for a rifle range at Williamsburg to compete for positions on the state team in the national rifle shoot to be held in Ohio this month. Twelve men are to be chosen, with three alternates. Each command in the state is represented. Col. C. A. Dempsey, detailed for duty in Virginia by the War Department, will be in charge of the Virginia marksmen. The rifle range is that used by the federal troops, the marines having a camp there under command of Col. L. T. W. Waller.

Virginia News.

Mrs. Sarah E Hicks, widow of the late W. S. Hicks, died at her home in Fredericksburg yesterday.

The Masons will lay the corner stone for the new Methodist Church, at Jeffersonton, Culpeper county, on August 21.

Stephen P. Smith, a well-known and prosperous farmer of Fauquier county, is very ill at his home, Hilton, near The Plains.

A marriage license was issued in Washington yesterday to Walter Bayliss, of Lawton, and Bessie L. Taylor, of Accotink.

The Potomac Baptist Association met at Marshall, Fauquier county, today. Fifty-five churches are to be represented at the meeting.

In the local option election held at Woodstock the "drys" won by a majority of one, the vote standing 115 to 114. Woodstock is the only place in Shenandoah county where saloons exist.

Rev. F. A. Rodrigues, a Brazilian missionary of the Southern Presbyterian Church, died yesterday at his home in Fredericksburg of Bright's disease. He is survived by a widow and four children.

City Engineer Shaner, who is in charge of the construction of the gravity water system for Lynchburg, announces that the water from the Pedlar River dam will be turned into the reservoir in that city this week.

Announcement has been made of the engagement of Miss Elizabeth Gilmer Tyler, of Williamsburg, youngest daughter of Dr. and Mrs. Lyon G Tyler, and Midshipman Alfred Hart Miles, U. S. N., who is now serving aboard the battleship Kentucky.

In his drug store at Twentieth and M streets, Richmond, E. P. Brannock yesterday afternoon raised a goblet containing strychnine, morphine, and cadine to his lips just as his clerk stepped into the door, and swallowed the contents before the young man could dash the glass out of his hands. Death followed quickly. Brannock was thirty-eight years of age, and single. He leaves an invalid father and aged mother. No cause for the self-destruction is known except despondency. He appeared to be in a dazed condition all morning.

A twenty-acre farm and fine apple orchard near Clearbrook, Frederick county, where Egbert Van Alstyne, the song writer, is understood to have composed his song, "In the Shade of the Old Apple Tree," was sold yesterday to John Henkel Henry, of Winchester, by his sister, Miss Louise Henry, the vaudeville celebrity, who recently secured a divorce from Van Alstyne. The consideration was $4,500. Van Alstyne deeded the property to his wife several years ago, after writing the song which has made him famous.

Governor Swanson left Onancock yesterday on the gunboat Commodore Maury and proceeded to the Jamestown Exposition, where he participated, with Governor Guild, of Massachusetts, in the Massachusetts and Boston Day celebration. Onancock was quite last night. The troops ordered there by the governor are patrolling the town. The town of council of Onancock yesterday considered the case of the colored physician, Moone, who was supposed to be implicated in the race riot. It was decided to allow him to stay in town, as it was shown that he did not have anything to do with the rioting.

THE RAILROAD INJUNCTION.

Federal Judge J. C. Pritchard at Asheville, N. C., yesterday issued a temporary injunction restraining B. C. Beckwith, of Raleigh, a State officer, from bringing suit against the North Carolina Railroad to recover penalties for the failure of the road to put into effect the 2½-cent fare prescribed by the State statute.

The North Carolina Railroad is owned by the State, but operated under lease by the Southern Railway. The 2½-cent fare is now in effect, as a result of the compromise between the railroads and Gov. Glenn. The suits are directed against the period prior to the compromise, when the Southern, under protection of an injunction issued by Judge Pritchard, maintained its regular rates.

Mr. Beckwith at that time inserted a card in a Raleigh newspaper, stating that Judge Pritchard's injunction was of no effect, and that as a lawyer he would advise his client that the penalties prescribed for nonobservance of the State law could be recovered. Judge Pritchard immediately cited Mr. Beckwith for contempt of court.

He filed his answer at Asheville yesterday, and, as it contained a statement that he intended to bring suit against the North Carolina Railroad, Judge Pritchard promptly issued a temporary injunction restraining him. In the matter of the contempt case Judge Pritchard made no decision.

This injunction does not affect the principles of the dispute between the federal and State courts, so far as is concerned the enforcement of the 2½-cent fare law pending the decision of the Supreme Court of the United States. It is, however, of great relative importance, as bearing upon the prestige of the federal court and its ability to enforce its orders.

Beckwith gave notice that he would appeal from Judge Pritchard's decision to the Supreme Court.

AFTER THE COMMISSION.

The democratic convention of Louisa county which met Monday adopted the following: Whereas the Constitution of Virginia, section 155, provides that after the first day of January, 1908, the General Assembly of Virginia may provide for the election of the members of the State Corporation Commission by the qualified voters of the State; and, whereas, it is the sense of the democrats of Louisa county, in convention assembled, that the said commission should be so elected, be it resolved that the delegate elected from this county and our representative in the Senate be, and they are hereby, requested to introduce into the next legislature and support a bill to accomplish this purpose.

The foregoing is attributable to the recent action of the railroads in fighting the reduced passenger rates, and to the alleged inactivity of the members of the commission in resisting the mandates of federal Judge Pritchard.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50 cents. Sold by E. S. Leadbeater & Sons.

Today's Telegraphic News.

The Telegraphers' Strike.

New York, Aug. 14.—With both sides claiming the victory, the main interest in the telegraphers' strike here centered about the possibility of the railroad telegraphers, forty thousand strong, joining the walkout.

A report that the Erie railroad had discharged five telegraphers for refusing to send commercial messages caused much uneasiness which was not quited even when denied officially by the company. It is understood that officials of the Baltimore and Ohio and the New York Central railroads have determined not to try force their operators to handle commercial business.

Belvidere Brooks, superintendent of the Eastern division of the Western Union, today said: "The railroad companies are under contract to us to handle commercial business and of course they will live up to their contracts. As far as we are concerned, when men refuse to handle wires we discharge them. I should think the railroads would do the same."

Chicago, Aug. 14.—With the arrival of President Small, of the Commercial Telegraphers' Union, in Chicago today a general strike order, calling out every union operator in the United States and Canada, will be issued, according to strike leaders.

The general strike order was prepared yesterday and is now in the hands of General Secretary Russell. As soon as Mr. Small approves it the order will be flashed to all corners of the United States and Canada. Then the biggest strike in the history of the Commercial Telegraphers' Union, involving approximately 22,000 men, will be a reality.

Messages asking for Small's sanction continue to arrive, principally from the smaller cities. These will be placed before him to convince him, if he is not already convinced, that a general strike can no longer be averted.

With President Roosevelt may lie the only possibility for a settlement. Business interests of Chicago and other portions of the country are urging the chief executive to take a hand, but no disposition is manifested by either side to arbitrate.

Western Union and Postal officials declare they are taking care of all business entrusted to them, and that facilities for dispatching messages are fast approaching normal.

Grave probability of a sympathetic strike by the order of Railway Telegraphers resulted in the issuance of an order counselling against hasty action, and advising operators to adhere to contracts with companies with reference to the character of messages transmitted.

Superintendent Thomas of the Associated Press today stated that his company has not been materially injured despite the calling out of its operators. He says: "The situation with us is practically unchanged. We are operating in all directions and have suffered no serious interruptions. We are getting out a practically normal report to our clients."

Scranton, Pa., Aug. 14.—The entire force of the Western Union, including all their chiefs, left their keys at 9 o'clock last night, completely tieing up business. The messenger force also walked out.

Revolutionary Movement in Cuba.

Havana, Aug. 14.—The whole island of Cuba is in a state of excitement today on account of continuous petty rebellious in several sections. A sensation was caused this morning when the authorities learned that a careful plot had been laid for a general uprising on August 19. Gangs of from five to fifty men have organized in various parts of the island, armed themselves and taken to the woods, according to reports constantly coming in.

It was discovered that all the bands have been ordered by some unknown leader to delay depredations, when it is planned to start rebellious bush-whacking warfare from one end of the island to the other.

The authorities are unable to determine whether the movement is of such definite organization as to contemplate an effort to establish a serious revolution, with the ultimate purpose of gaining control of the government.

Owners of plantations and all big property interests in the island are greatly disturbed by the reports, and it is feared heavy property loss will result if the desperadoes really make a concerted attack.

In some sections it is said armed bands already have seized provisions and articles desired for their comfort in the woods.

The authorities quickly took advantage of the discovery of the plot and steps were taken to prevent serious damage if possible.

Many of the bands, however, are in the remote section of the islands and in the mountains, where it is practically impossible to reach them. These men, it is expected, will follow the instructions to begin revolutionary attacks next Monday.

Denial of Conference.

New York, Aug. 14—Denial was made at the offices of J. P. Morgan today of the report that a conference between Secretary Root and Assistant Secretary Bacon was held yesterday at the Morgan bank. Despite this denial, however, financial circles generally believed there is at least some truth in the report.

It was explained that Mr. Bacon, accompanied by his son, did call at the Morgan offices. The visit, however, it is claimed, was merely of a personal nature.

Officers of Kuhn, Loeb & Co. today maintain a discreet silence as to the reported conference. The only information offered was that Jacob H. Schiff, president of the bank, is out of the city, and therefore could not have attended such a conference.

Bomb for Lord Ashtown.

Clongme, Ireland, Aug. 14—A bomb, evidently intended for Lord Ashtown, exploded early today in his residence, shattering one of the walls of his apartment and smashing most of the furniture, but failing to injure his lordship, who was asleep in the room. Lord Ashtown had trouble with poachers recently, and the outrage is laid to them. He has also been threatened by political agitators, however.

DIED.

On Tuesday night, August 13, 1907, at 8 o'clock, at his home, southeast corner of Washington and Oronoco streets, WILLIAM H. GREENWELL, in the 61st year of his age. Notice of funeral later.

Edward and William.

Berlin, Aug. 14.—King Edward was the guest today of his royal nephew, Kaiser William, at Wilhelmshofen Castle. Despite the differences which separated the royal relatives for several years, they met today as the best of friends. The Kaiser was waiting when Edward's special train rolled into the station and embraced his royal relative, kissing him on both cheeks. King Edward wore his customary black silk hat, long black frock coat and patent leather shoes, while the Emperor was arrayed in full military dress, even wearing his piked helmet. The Empress received King Edward with the same cordiality shown by her husband, and the two monarchs then retired to a room where they were closeted together an hour. King Edward left tonight for Isch, Austria, where he will meet Emperor Francis Joseph. He will then proceed to Marienbad to take his annual treatment.

Fire and Explosion.

Rochester, N. Y., Aug. 14.—Fire and a serious explosion today threatened the local destruction of the Eastman Kodak Company here. As it was five buildings were destroyed with a loss of over $10,000.

The fire followed an explosion in what is known as the scrap building, a two-story brick structure. The cause of the explosion is unknown. Mrs. Samuel Craft was sitting in a carriage outside the scrap building when it burst into flames and was so badly burned that she was removed to a hospital.

From the scrap building the flames communicated to the flashlight powder building, causing a series of explosions which threatened the entire plant. The flames communicated to three other buildings, which were also destroyed, but the conflagration was finally controlled by the company's fire department.

Pillaged by Moors.

Paris, Aug. 14—The European section of Mazagan, Morocco, is being pillaged by Moors, according to advices received here today. Two hundred native horsemen are reported to have forced the gates and entered the town. Most of the foreigners are reported to have escaped before the looting began.

Dispatches to various French newspapers indicate the situation throughout Morocco as very serious. Fez is said to be threatened with an uprising against the government. Foreigners, it is reported, are prevented from leaving the city. News from Morocco City is not encouraging.

Fighting among the tribes occurred, according to another report, following the raid at Casablanca. The Mediouna tribe, which got the most of the plunder, was attacked and forced to surrender much of the booty.

Maryland Republicans.

Baltimore, Aug. 14.—The republican State convention convened at noon today in the Maryland Theater, and on the first ballot will nominate Hon. George R. Gaither, of Baltimore city, as their candidate for Governor to oppose Judge Austin L. Crothers, the democratic candidate.

The nomination will not be made until late in the afternoon, after the credentials of delegates have been passed upon and the platform arranged. Mr. Gaither's only competitors for the nomination are Hon. Phillip Lee Goldsborough, of Dorchester county, collector of internal revenue, who withdrew from the fight last night in favor of Mr. Gaither.

The nomination for Comptroller and Attorney General are still uncertain.

Placed in Hands of Receivers.

Hartford, Conn., Aug. 14.—The Pope Manufacturing Company, manufacturers of bicycles and automobiles, has been placed in the hands of a receiver. The company has authorized capitalization of $22,500,000. The company was incorporated in February 1903 in New Jersey. It succeeded to the properties of the American Bicycle Company and owned all the capital stock of the Pope Motor Company and the Federal Manufacturing Company. The company has three factories at Chicago, and factories at Hartford, Westfield, Mass., Hagerstown, Md., Toledo, O., and Indianapolis. Col. Albert L. Pope, vice president of the concern was appointed receiver under a $100,000 bond.

Trial Postponed.

New York, Aug. 14.—The trial of Chester B. Runyan on the charge of stealing $96,000 was postponed today until August 30. The action was taken because his testimony is desired at the trial of Laura Carter next Wednesday on the charge of receiving stolen property. Runyan was living with the Carter woman in a Harlem apartment when found by the police. Over $50,000 was still in his possession, and it is charged that the woman obtained some of the missing money. As the Carter woman led the police to Runyan it is expected that he will do all he can to convict her. Runyan pleaded guilty a few days ago to the charge of grand larceny.

Saved from Lynchers.

Boulder, Col., Aug. 14.—An attempt was made today to lynch John W. Reeves, a brakeman employed by the Colorado and Northwestern Railroad, following his confession that he was responsible for the destruction by fire and dynamite of the Colorado and Southern station on Saturday. Reeves was only saved by the officers spiriting him away to Denver, where he is under strong guard. Frank Kiser, another suspect, also confessed, but the fact was kept from the citizens. Five lives lost, fifty persons injured and a property loss of $300,000 were the result of these men's act.

Postmaster of New York.

Oyster Bay, N. Y., Aug. 14.—Assistant Postmaster Edward M. Morgan, of New York, will be officially announced today as the postmaster of New York City.

Train Robbed in Russia.

St. Petersburg, Aug. 14.—Terrorists held up a train near Elizabethgrad in broad daylight today and looted the express car of $25,000.

Japanese Cable Gone.

Shanghai, Aug. 14.—The Japanese cable has gone out. It is feared the break has been caused by some seismic disturbance.

A Valuable Lesson.

"Six years ago I learned a valuable lesson," writes John Pleasant, of Magnolia, Ind. "I then began taking Dr. King's New Life Pills, and the longer I take them the better I find them." They please everybody. Guaranteey at E. S. Leadbeater & Sons, druggists, 25c.

Fire on a Steamer.

New York, Aug. 14.—With the flames sweeping her deck while her crew fought valoly to overcome the blaze, the steamer Adirondack, of the People's line, bound from New York to Albany, raced for four miles up the Hudson early today and finally was beached at Roseton. The steamer City of Hudson came alongside and took the passengers off. Half an hour later the crew had extinguished the blaze, and the steamer had been backed off the sand bank and was proceeded to Albany for repairs. Captain Woolsey declares no lives were lost. As the flames apparently began to gain on the fire fighters the passengers, who at first had been calm, showed signs of nervousness. It was then decided to beach the steamer to prevent a panic.

A portion of the hurricane deck on the bow of the boat cut away was the only evidence of the fire on the steamer.

Proceedings Brought to a Stop.

Chicago, Aug. 14.—The government's vigorous action against alleged rebate offenders came to a sudden stop in Judge Landis's court today. When a grand jury had been sworn in and everything was ready to proceed towards indicting railroads charged with giving the Standard Oil Company rebates, Judge Landis instructed the jury to adjourn without action until September 3. The court explained that since ordering the jury drawn, he had received a communication from Attorney General Bonaparte, the substance of which was that, when the government gathered evidence against the Standard Oil Company prior to its indictment then District Atorney Charles P. Morrison entered into an agreement with the Chicago and Alton Railroad provi[illegible]munity for the railroad company if it aided the government in prosecutiug the oil company.

Storehouse Destroyed.

Binghamton, N. Y., Aug. 14.—The Erie Railroad storehouse at Susquehanna largest along the line of that road, was completely destroyed by fire this morning shortly after three o'clock and for a time threatened to wipe out the entire car shop. The fire started in the paint shop on the first floor of the building and spread so rapidly that the fire department could not control it. The fire was probably incendiary. Losses about $150,000.

Mrs. Eddy's Condition.

Concord, N. H., Aug. 14.—The masters in the Christian Science have decided to make a personal examination of Mrs. Eddy at her home at 2 o'clock this afternoon. They will be accompanied by one attorney representing each side, but only the masters will be allowed to put question.

Spy Tortured to Death.

Tokio, Aug. 14.—Pleading pitifully in the hands of an enraged mob a Russian spy, whose name is said to have been Macda, met a horrible death here today. His limbs were severed from his body, his eyes gouged out. He is said to have been literally torn to pieces.

New York Stock Market.

New York, Aug. 14.—The market became heavy after the opening because of disappointment at the failure of the anticipated good news from Oyster Bay. The traders fought the decline at first, but later turned to the bear side of the market and joined in the selling movement. The result was a decline ranging from 1 to over 2 points in nearly all the stocks traded in everything on the list sustained some lost from opening figures.

There was decided pressure in the Harriman stocks and copper and American smelting which later was supplied from the opening dropped 2 points.

The market became steadier after the first hour. There was no improvements in the market tone. Traders buying on declines and selling on covering movements. Important interests who were watching affairs at Oyster Bay said that they had no hope of the President taking any action that will be considered reassuring and because loss of hope these interests was out of the market on the bull side.

Demoralization was created on the stock exchange in the afternoon by the announcement of the failure of the Pope Manufacture Company and by the absent of any reassuring news from Oyster Bay.

DEATH OF WM. H. GREENWELL.

The many friends and acquaintances of Mr. Wm. H. Greenwell, the well-known and popular school teacher, were shocked to hear of his sudden death between 7 and 8 o'clock yesterday evening at his home at the corner of Washington and Oronoco streets. He was on the streets yesterday and apparently in his normal condition, but to his family had complained of suffering with indigestion. After partaking of a light meal about 7 o'clock, he retired to his bed chamber preparatory to visiting a physician for treatment, but a few minutes later he was discovered seated in a chair in a semi-conscious condition. He was given a stimulant which revived him, but shortly afterward he began to sink again, when Dr. Wm. M. Smith was hastily summoned, but upon the latter's arrival it was found that Mr. Greenwell was beyond medical aid and he expired shortly before 8 o'clock, the cause of his death being congestion of the lungs. The deceased leaves a widow and two daughters—Mrs. R. F. Downham and Miss Laura Greenwell. Mr. Greenwell was in his 61st year. He was a member of Alexandria Council, Royal Arcanum, and St. Vincent de Paul Society, of St. Mary's Church, of which he had been a prominent and active member for a number of years past.

Mr. Greenwell was a native of this city, and during his boyhood days was employed in a book and periodical store and bindery conducted by the late George Siggers, opposite the Gazette office. He subsequently entered St. John's Academy, and later was a student at St. Charles College, Maryland, where he studied for the priesthood. He, however, was not ordained, but chose the profession of school teacher, and for several years conducted a private educational institution in this city, Rockingham and Loudoun counties. Nearly a quarter of a century ago, when the late John S. Beach, then a public school teacher, was elected Clerk of the Corporation and Circuit Courts, he was succeeded by Mr. Greenwell, who save during a severe spell of sickness a year or two ago never missed being at his post of duty at the appointed hour. His death is regretted by a host of friends and acquaintances, including many now in the adult age as well as numbers of the younger generation who have been his pupils.

NEW SHOPS CONTEMPLATED?

The belief is growing in Lynchburg that the Southern Railway is contemplating the erection of shops at Montview, a short distance below Lynchburg, for the building of its own locomotives and for repair work on the Washington and Danville divisions. The railway men on the Danville division are firmly of the belief that the divisional terminals now located at Monroe, about eight miles north of Lynchburg, are also to be located there. The company has purchased three tracts of land, including more than 250 acres, on which it is supposed a monster yard is to be erected, having a capacity of 4,000 cars. A portion of this will be for the interchange of freight with the Norfolk and Western on its new detour line when both new routes are finished. It is suggested that the Southern finds it necessary to make such a move in order to keep engineers and skilled trainmen, because the best men will not take their families to Monroe and Spencer, and that they go to other roads where shop and divisional terminals are located within access of schools and with other facilities.

[Several years ago the Southern Railway Company purchased a large tract of land southwest of their depot in this city. It was said that shops were to be erected on the ground and several hundred men given employment. The movement failed to crystalize, however, and the land has since been used as corn fields. It is hoped the people of Lynchburg may not meet a dissapointment similar to that experienced in Alexandria.]

FINED FIVE DOLLARS EACH.

Some excitement was caused on south Lee street about six o'clock yesterday evening between James Brown and Herbert Burke, both colored, living on an ark on the shore at the foot of Gibbon street, during which Burke fired two shots from a pistol. Lieutenant Bettis and Officers Talbot and Knight soon took the negroes in charge and locked them up in the station house. They were brought before the Police Court this morning, when two witnesses (white men living in the neighborhood) testified that a bullet from Burke's pistol struck a house at the northeast corner of Gibbon and Lee streets and glancing, struck another house on the opposite corner. Burke asserted that he discharged the pistol into the river, pointing the weapon toward the east, and that he picked up the pistol in order to keep Brown from using it. The prisoners were fined $5 each by Justice Caton.

ROW IN A BARBER SHOP.

Among the cases in the Police Court this morning was that of Benjamin Hamilton, colored, who had been arrested by Officers Gill and Ferguson charged with using unconventional language toward Abe Sykes, colored. It seems that the two darkeys are employed in a barber shop where only white customers are served, and yesterday Henry Washington, a well-known colored man, entered for the purpose of being shaved. Sykes objected to having him as a customer, but Hamilton insisted on serving him. A war of words followed, when Hamilton, it was alleged, applied vile epithets toward Sykes. Hamilton was fined $2 50.

WORK OF RELIC HUNTERS.

The foundation stones of Christ Church are being defaced by either relic hunters or persons in this city who are engaged in selling relics to visitors to the edifice. The stones are being chipped and the pieces carried off as mementos. The city law provides for a fine of five dollars for such offenses, and should the vandals be identified the penalty will surely be exacted.

PERSONAL.

Mr. A. A. Shriver and wife, Mrs. Rosa M. Shriver, will leave today for a week's vacation. They will spend a few days in Atlantic City and will then go to Harford county, Maryland and spend a few days with Mrs. Sarah Duncan, Mrs. Shriver's mother.

Mr. William Bryant has returned from a trip to Cape May.

Miss Sipple is at Colonial Beach for a few weeks.

Rev. Dr. W. F. Fisher is attending the annual meeting of the Baptist Association at Marshall.

Miss Louise Hart is visiting Mrs. A. Hepburn and Mrs. J. Trammell at Glen Echo, Md.

Mr. Raymond Lloyd has returned from a trip to Atlantic City.

Mr. Henry Basder has returned from a pleasant visit to Atlantic City. He says he left all the Alexandrians there well.

Mr. Horace L. English, who for some time past has been living in New York, is on a short visit to friends in this city, his old home.

Mr. R. C. L. Moncure, of Alexandria county, and law partner of Mr. L. H. Machen, of this city, denies that he will, under any circumstances, be a candidate for the circuit judgeship to succeed Judge Barley. He says he would decline the place if offered him by the Governor or the Legislature.

Miss Ruby Parsley, a popular young lady of Richmond, after a two months' visit to Mrs. Ballenger, of this city, returned to her home this morning accompanied by Miss Mary Starnell, a charming young lady of Alexandria.

Mr. Thomas S. Jones, of St. Louis, Mo., is visiting his mother, Mrs. Pauline Jones, on Prince street.

Misses Ada V. Grigg and Mary Alena Entwisle left today for the Jamestown Exposition where they will join a party of friends from Lynchburg.

RUMOR DISCREDITED.

There has been a rumor for several days to the effect that Judge Barley would shortly resign the position of circuit judge, which he holds by designation of the governor to make way for the permanent appointment to that position of Mr. J. B. T. Thornton, of Prince William county. As the governor is said to have announced both verbally and in letters to friends of Mr. John M. Johnson who have for months been urging the latter's appointment that there is no vacancy in the position and that he would not make an appointment unless Judge Barley should ask to be relieved, it is thought certain that the governor will not request Judge Barley to step down. In view of Judge Barley's repeated statements that he was able to attend to the business of the circuit till the legislature meets and had no intention of asking the governor to relieve him, it is thought extremely unlikely that he will voluntarily step down for anyone, and especially for some one who has not received the indorsement of the Alexandria bar.

THE KILLING OF DOGS.

Officer Sherwood, who was designated to dispatch the worthless dogs which were taken up on the streets, says in regard to the criticism of his method of killing the brutes by striking them on the head with a club, that it is the most humane and the quickest way of disposing of them. He says that it requires several minutes to drown a dog, during which time the animal suffers much pain; that to chloroform them requires much time and trouble, and that frequently a chloroformed animal will revive; that when shot the dogs frequently live some time, suffering tortures all the while. He says that when a dog is struck on the head with sufficient force it dies instantly, and that this method of disposing of them is the most humane. In all this Officer Sherwood is upheld by a large majority of those who have considered the matter.

DEATH OF D. McC. RAMSAY.

Mr. Dennis McCarty Ramsay, son of the late G. W. D. Ramsay, of this city, whose serious illness had been mentioned in the Gazette, died at his home at Arcola, Loudoun county, today, aged 58 years. The deceased had been suffering from pulmonary trouble for a long time. He had been married three times, his last wife being a Miss Orrison, of Loudoun. He leaves a widow, two children by his second wife and two by his third. Mr. Ramsay was a brother of Mr. G. W. Ramsay, of this city, and Mrs. Edward Crumpston, of Washington. The deceased was a native of Alexandria, and lived here up to about 12 or 15 years ago, and his many friends and acquaintances in this city will regret to hear of his death.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

James Brown and Herbert Burke, both colored, charged with disorderly conduct and discharging a pistol in the streets, were fined $5 each.

A white man, charged with disorderly conduct and assault, was fined $10.

Henry and William Washington, colored, charged with disorderly conduct, were fined $2.50 each.

Benjamin Hamilton, colored, charged with abusive language towards Abe Sykes, colored, was fined $2.50.

STONE QUARRIES SOLD.

The stone quarries which extend for two and a half miles along the Virginia bank of the Potomac river, between Aqueduct Bridge and Chain Bridge, have been sold to Joseph H. Bradley and his associates for $125,000. These properties were formerly owned by the Warder estate. It is expected that a stock company will be formed to work these quarries. Mr. Bradley is president of the Columbia Sand Dredging Company.

TUGBOAT SOLD.

The tugboat Juno is on the ways at the shipyard undergoing repairs. The boat has been purchased by parties from North Carolina, and will in a short time start for one of the ports of that State. The Juno has been out of commission during the past few years. The boat was built by Captain M. Kersey, of this city.

THE TELEGRAPHERS' STRIKE.

The strike of telegraphers has not interfered with the offices in this city so far as the receipt and delivery of messages are concerned. Of course, dispatches sent to certain points, in consequence of prevailing conditions, are sent with the understanding that they are likely to be delayed in transmission.

Hunting for Trouble.

"I've lived in California 20 years, and am still hunting for trouble in the way of burns, sores, wounds, boils, cuts, sprains, or a case of piles that Bucklen's Arnica Salve won't quickly cure," writes Charles Walters, of Alleghany, Sierra Co. No use hunting, Mr. Walters; it cures every case. Guaranteed at E. S. Leadbeater & Son's drug store. 25c.

LOCAL BREVITIES.

The mercury at 3 o'clock this evening registered 80°.

A called meeting of the Columbia Fire Company will be held tonight.

It is reported that the Armour Company will erect a large building in this city for the storing and sale of its meats.

The complimentary excursion of the B. P. O. Elks will be given on Thursday, August 29th, not August 25th, as was stated.

The drain pipe at the intersection of Wolfe and Union streets has become clogged, and a pool of water has formed there which has become stagnant and offensive.

Tomorrow will be the last day for candidates for the House of Delegates from this city and county to file their notices. It is believed that Mr. J. R. Caton will have no opposition.

A warrant was issued today for the arrest of a citizen living on north Fayette street charging him with keeping a vicious dog, which this morning bit the little son of Mr. Arthur Powell.

The sultry weather of yesterday was followed late in the evening by cooler conditions, and the temperature last night was pleasant throughout. The weather today has been mild, with a northwestly wind.

Messrs. G. E. Price and J. F. Cook will have for sale at their stand in the fish market tomorrow a fine variety of salt and fresh water fish, fresh and good. Watermelons received fresh daily.

[COMMUNICATED.

PARDONS.

I see by the Gazette that my good friend, James E. Clements, is just now consulting with our kind hearted governor about the substitution of the penalty of death to which the court in which a prisoner was tried condemned him. Now, the great trouble with our people lately has been the safety of their mothers, wives and daughters from the assaults of men, white and black, who desire to destroy both their chastity and them, and this has given rise to unlawful effort to put to death those supposed assailants, some of whom are not guilty of any crime whatever. The breaking open of jails, and hanging, shooting, or burning even of guilty men is, in the eye of the law, murder, for the State alone through her courts, can take away life. Now this changing the punishment at the solicitation of lawyers who have tried their best to save their clients, is a very dangerous exercise of power. When a man, white or black, is charged with any crime, there is a grand jury almost universally ready to examine his case and find a bill or fail to do so as conscience directs, and in the first case, there is a petit jury, equally conscientious, for if the judge doubts that, he can obtain from another county good men who have never heard of the supposed crime. Now, if the person charged is convicted and the governor exercises his prerogative and sends him to the penitentiary for life, there will come some day, another soft hearted governor who will say to himself, "That poor fellow has been there ten, fifteen, or twenty years, and is, no doubt, reformed, and I will let him go." Such cases are common. The constitution should be changed, and the power of pardon taken from the governor, and if a mistake occasionally happens give to the courts the power of rectifying it. A CITIZEN.

I. O. O. F.

The Grand Encampment of Virginia, I. O. O. F., convened yesterday at the armory in Norfolk, and the delegates were welcomed by Grand Patriarch Leon Code, of Portsmouth. Officers were elected as follows:

Grand patriarch, William Wylde, of Newport News; grand high priest, Joseph Kemp, of Phoebus; grand senior warden, A. F. Woodhouse, of Staunton; grand scribe, T. V. Turner, of Phoebus; grand treasurer, George W. Hill, of Norfolk; grand junior warden, V. R. Slater, of Harrisonburg, and grand representatives to supreme grand lodge, Hill Montague, of Richmond, long term, and H. H. Harlow, of Staunton, short term.

The convention, after a fishfry at Cape Henry last night, adjourned sine die.

NEW ATLANTIC FLYER.

The new transatlantic flyer, the steamship Kronprinzessin Cecilie, the latest addition to the fleet of the North German Lloyd steamship company, arrived at New York yesterday on her maiden voyage from Bremen, Southampton and Cherbourg. She made the voyage from Cherbourg in five days, 22 hours and 45 minutes. Her average speed over the course of 3,113 miles was 21.31 knots per hour. No attempt was made to speed the new liner on this trip. When her machinery becomes "sweetened," however, a smash in records is looked for by officials of the company.

The Kronprinzessin Cecilie is one of the largest vessels afloat. She is 706 feet in length, 72 feet in width and has a depth of 44 feet, 2 inches. Her displacement is 26,000 tons and the registered tonnage is 20,000. The accomodations for passengers consist of 287 rooms in the first cabin, 109 rooms in the second cabin, and seven roomy compartments for steerage passengers. All the regular staterooms, as well as the suites, are provided with every luxury and comfort. The hull is divided into 28 water-tight compartments, making the vessel practically unsinkable. The Kronprinzessin Cecilie is commanded by Captain Hagemann, well-known to transatlantic travelers.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher, of Grovertown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs, is guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act June 30th, 1906. Serial number 1098.

BRILLIANT METEOR.

An immense meteor passed over Wheeling, W. Va., and vicinity Monday night, and is said by persons who saw it to have caused a tremendous roar. The meteor was a ball of fire surrounded by a halo of many colors, and to this was attached a broad tail of flame and sparks extending almost across the sky. Immediately after the meteor disappeared from view there was a heavy explosion, followed by a prolonged roar, which seemed to come from the meteor's path. The explosion shook houses and rattled dishes in the cupboards. The meteor was seen at Cadiz, sixteen miles from Wheeling, and at Sistersville, forty-five miles away. It furnished light enough for the reading of a newspaper.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.

FINANCIAL.

To know about a Bank when you decide to entrust it with your savings is its record for conservative management and the protection offered depositors by its capital stock. You will find the Virginia Safe Deposit & Trust Corporation a safe, sound and conservative institution, backed by successful business men and a directory composed of men who devote care and attention to its management. This institution is in every way progressive as its steady increase in deposits will indicate, its total resources amount to nearly $900,000, and its success is attributed largely to the fact that it has been liberal with its depositors. Why not open a savings account with us? We pay 3 PER CENT. interest compounded in our Savings Department and solicit your account however small the amount.
